EDUCATION

Higher National Diploma in Information Technology

Sri Lanka Institute of Advanced Technological Education

📅 2022 - 2024   📍 665/2 Beach Rd, Gurunagar Jaffna

Adavanced Level

St. Xavier's Boys' College   📅 2008 - 2020   📍 Main Street, Mannar

SKILLS

React   C#   TypeScript   Java   PHP   Tailwind

JavaScript   node   Arduino   MySQL

CERTIFICATION

UI/UX Design

Completed a UI/UX course from Great Learning

Java Programming

Completed an advanced Java course from Great Learning.

INTERESTS

Coding

Passionate about building and optimizing software applications, with a constant drive to explore new programming languages, frameworks, and techniques.

UI/UX Research

A user-centered process of understanding behaviors, needs, and motivations through observation and feedback to design intuitive and engaging interfaces

PROJECTS

Social Media App (React & .net)
Front-end developer

A dynamic platform where users can share posts, interact through likes, comments, replies, and connect via profiles. Features multimedia support and a personalized news feed for real-time engagement.

Foodie Web App(Laravel&PHP)
Full-stack

A food-centric web platform where users can discover, rate, and review dishes or restaurants. Built with Laravel for robust backend management and PHP for dynamic content handling.

E-Commerce App(Vite & .net)
Front-end developer

A fast, modern shopping platform with a Vite-powered React frontend for seamless user experience and a secure, scalable .NET API for backend operations like product management, orders, and payments.

Food ordering App(React)
Front-end developer

A user-friendly and responsive food ordering platform designed to provide a seamless experience from browsing menus to placing orders. Built with a **RESTful API**

My portfolio website

A modern, responsive portfolio website built using **React** for the frontend and a **.NET Web API** as the backend. https://github.com/RKITSOLUTION2020/myportfolio.git
